

Thank you for downloading our first 4 placement tests.

The tests are timed to enable us to assess how well your child has mastered the skill being tested. The times differ for the first two tests as they are intended to ensure your child is ready to begin MATH*Ability.

The times for the four tests are:

1 minute for tests # 11107 and # 11117.

2 minutes and 50 seconds for tests # 177 and # 277.

If your child leaves more than one box unanswered on any of the tests, stop testing.

When you've corrected the tests, please email us the scores at scores@mathability.com. We need to know three numbers. They are:

The test # - the number of correct answers – the number of empty boxes.

Again: If your child leaves more than one box empty on a test – STOP TESTING.

If something distracts your child, you may re-administer the test.

These are the first 4 tests of some 50 tests your child may see before they've completed MATH*Ability. If your child passed all 4 tests, we can continue placement testing until we reach a level your child can't pass.
